

WHITCHURCH AT THE CHILDREN'S UNIVERSITY

Once again this year, the pupils of Whitchurch High have done themselves proud in achieving accreditation with the Children's University. The Cardiff Children's University awards credits young people who attend learning activities out of school hours entirely from choice. If they are in Years 4 to 9 they will BE in the category of the Children's University, while older than that they will qualify for the Youth University. This year 86 of our children gained awards as follows:
